## The Grand River Chorus needs your support

The Grand River Chorus enhances the artistic life of our community, making our community a more attractive and enjoyable place in which to live. Because we cannot survive solely on revenue from ticket sales and chorister dues, we need your support. Please consider making a donation, and a longer term commitment.

Following our first decade of success, we created a new strategic plan to build success for the future. Clearly, action was needed to ensure the longer term stability and sustainability of the Grand River Chorus. One big step is to plan our concert programmes over a rolling three year period. To make this work, we now need pledges of support over the next three years. With your help, we can achieve sustainability, greater success into the future, and continuation of those high quality choral concerts that you have come to expect from us.

We pledge, in turn, to continue presenting the choral music you love, and to keep securing those high quality professional musicians and soloists that perform with our choir from time to time. This is our value added commitment to you. We look forward to your response, and thank you most heartily for your support of the Grand River Chorus.

David Neumann, On behalf of your Board of Directors

*Canadian composer Paul Halley has been to Brantford to perform with the Grand River Chorus. We shall celebrate the arrival of spring with music which will lift your spirits.*

Welcome to another wonderful season of making music with the Grand River Chorus. There is much to excite us and you as we plan four major works in the year.

2010 marks the 400th anniversary of the composition of a piece that defined the transition from the Renaissance into the Baroque periods of music. Claudio Monteverdi dedicated his "Vespers" to Pope Paul V in the hope of securing a scholarship for his son. This colossal setting of music for a major service probably won him the job of Maestro di Cappella at St Mark's in Venice, when the job came open three years later. We open our season with this grand work.

From this monumental music to the powerful message of Handel's "Messiah" to the Romantic period's gentle and assuring "Requiem" by Brahms to the jazz / classical stylings of the "Missa Gaia"; the 2010 - 2011 season will be one of many themes and styles. Clearly, it will provide you with a fantastic variety of grand music at a high quality level you have come to expect from our chorus. Be sure to set these dates in your calendar so that you, your family and friends, can be a part of this exciting time for music in our community.

We value your feedback, and want to hear from you. I love to meet concert patrons after the performances, or at any time. Please come and tell me how much you like what we're doing to provide you with great music.

Richard Cunningham
